

Why Choose SMT?

- 30+ Years of Precision Manufacturing Expertise
- 100% On-Time Delivery
- Zero Defect Quality Performance
- Annual Certification for ISO 9001/ISO 14001
- Fully Integrated MRP System
- Intuitive and Collaborative Partnership Experience
- High to Low Volume Capabilities
- Flexible and Creative Engineering
- Annually Certified Metrology Equipment
- Just in Time and EDI Capabilities

OUR MISSION

SMT succeeds because our customers succeed.

We are part of a much larger community to which we are compelled to act responsibly. We act responsibly when we help protect our environment, provide economic opportunity fairly, work safely, and consider the person in all of our business affairs. This allows us to achieve our vision and to provide opportunity for all of the SMT associates that follow us.

CONTRACT MANUFACTURING

Contract Manufacturing

From resistance welding and heat staking to kitting, SMT offers in house vertically integrated manufacturing solutions. Our focus includes providing customers with complete and scalable products. SMT can utilize a diverse range of manufacturing capabilities to provide best in class quality and performance for assemblies and kits.

Capabilities

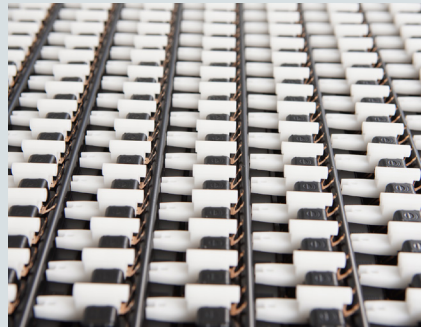

- Reduction of complex supply chains
- Design and development for maximum cost effectiveness
- Complete program management
- Superior quality and reliability
- Integrated supply chain logistics

Manufacturing Technologies

- Ultrasonic Welding
- Thermal Staking
- Resistance Welding
- Injection Molding
- Insert Molding
- Liquid Silicone Molding
- Coil Winding
- Leak Testing
- Wire Harness Assembly
- Automatic and Manual Wire Processing
- Electrical Testing
- Custom Product Packaging and Labeling
- Custom Kitting
- Form Bending
- Automated and Manual Assembly
- Multi-Component Integration

SMT provides customers with total solutions to meet and exceed demanding product requirements.

Take Your Products to Another Level

Working together with SMT, customers will:

- Reduce engineering and development time and cost.
- Improve operating efficiency with on time delivery and improved quality.
- Discover a supportive and innovative partner that cares about your company's goals.
- Find a dedicated team that works hard to help you succeed.

Better collaboration means better products.

SMT can support your contract manufacturing needs.
